Why you should publish your manuscript in the APS Journals

✓ No page or figure limits
✓ A sophisticated online platform through Stanford University Library’s HighWire Press
✓ World-class editorial oversight with easy online submission and rapid review
✓ Publication by the prestigious American Physiological Society (APS)
✓ All articles made freely available 12 months post-publication
✓ The option to make articles freely available on publication through AuthorChoice
✓ Articles delivered to PubMed Central by the APS on behalf of authors
✓ Index Medicus, BIOSIS Previews®, and ISI Web of Science index APS journals. APS journal content indexed on MEDLINE and accessible through PubMed
✓ Perpetual/Electronic archiving of the LOCKSS and CLOCKSS systems preserves the electronic content of all APS journals
✓ The broadest readership via global distribution, personalized e-mail alerts, cross referencing, and search engine optimization, and RSS Feeds
✓ Increased readership and citations via Editorial Focus articles that highlight published articles
